Clinton in Exile

Carol Felsenthal

Clinton in Exile Carol Felsenthal

On January 20, 2001, the most powerful and arguably most ambitious man in the world relinquished the public stage, reluctantly, at the young age of fifty-four. Since then President Bill Clinton has moved in and out of the shadows of this "exile," leaving the millions who knew him to wonder: How has this man of such outsized talent and passions adjusted to leaving power?

Based on more than 150 interviews with the former president's friends, associates, and sometime enemies, *Clinton in Exile* takes readers from Clinton's last hours in office, through his indulgent personal life and well-publicized humanitarian efforts, to his front-of-camera and behind-the-scenes coordination of his wife's presidential campaign. This is a fascinating and textured portrait of one of the most towering, intriguing, and deeply controversial figures of our time.
