- *Chapter Openers* and *Chapter Projects* have been updated to reflect current topics and data.
- *Section Openers* now include a set of learning objectives for each section.
- *Real Data Application* examples have been updated or replaced with new applications.
- *Technology Boxes* have been revised to remove references to specific programs or calculator models.
- *Exercise Sets* include additional and updated skill exercises and applications.
- *Chapter Summaries* have been rewritten to link the section objectives to the *Review Exercises*.
