Light, vibrant and malleable, is the greatest tool at the disposal of portrait photographers. In this acclaimed book—with over 50,000 copies in print—Christopher Grey walks you through studio portrait lighting from start to finish. Dozens of image sequences and before/after pairings show you precisely how each change of light position and modifier affects the look of the lighting on the subject. From classic portrait lighting patterns to unexpected but powerful looks, Grey teaches you everything you need to know to control light effectively. Armed with these powerful skills, you'll be able to create portraits that are more flattering, more marketable, and more creative.
