Sunil Kewalramani

2016 Outlook for Stocks, Oil, Bonds, Currencies, US Elections, Brexit, Real Estate, Weather and Geopolitics Sunil Kewalramani

"Sunil Kewalramani predicts a sharply down year for stocks in 2016 in his book 2016 Outlook for Stocks, Oil, Bonds, Currencies, US Elections, Brexit, Real Estate, Weather and Geopolitics.

Some of his predictions include:

1. The Fed will reduce, rather than raise, interest rates in 2016.
2. Gold should outperform other asset classes in a negative interest rate environment.
3. Steep decline in oil prices between 11th March and 29th June 2016 will be followed by steep rise between 29th June and 24th August 2016 and another steep decline thereafter.
4. A good downfall in stocks between April and June 2016, September 2016, November and December 2016.
5. A major drought on the one hand and unseasonal rains and storms on the other hand will badly affect agricultural crops in USA, Asia (including India) and Africa in 2016 leading to food inflation.
6. Rebound in equities in the last week of June and first half of July 2016 but a sharply negative note thereafter as Global Recession assumes center stage in 2016.
7. Terrorist attacks and Geo-political tensions will keep the governments and investors on edge till August 2016."
