Václav Havel

La politica dell'uomo (Etcetera) (Italian Edition) Václav Havel

La rapida e massiva modernizzazione del mondo contemporaneo pone continuamente domande a cui occorre rispondere senza scivolare, com'è già successo, in illusorie quanto pericolose soluzioni totalitarie. Contro quella «invisibile finzione» messa in scena da un potere impersonale e disumanizzante, sia esso di matrice socialista o consumista, Václav Havel invita all'assunzione di responsabilità morale, quale radice di una «politica antipolitica», ovvero una politica dell'uomo, e non dell'apparato, che nasca dal cuore e non da una tesi. Questo testo nasce nel febbraio del 1984, come conferenza da presentare all'Università di Tolosa; scritto in un momento in cui la Rivoluzione di velluto era ancora lontana, dimostra quanto necessaria, anche se apparentemente utopica, fosse la fiducia di Havel nella capacità degli individui di risvegliare le proprie coscienze. Il testo, pubblicato soltanto dopo il crollo del regime comunista, resta una convincente lezione di etica politica: il riconoscimento dei bisogni autentici dell'esistenza, tra analisi della realtà e necessità dell'utopia.
