Author's Message

I love capturing "Spirit" in all of my Work.

Whether it be photographing dancers and nature, or writing from my Soul...

There is always something to be seen in the unseen.

When I shoot, it is always about being present, feeling the music from within and

letting myself go with the flow as I change my aperture, shutter speed and focal lengths.

There is always a connection to be felt as I capture what is in front of me.

My photos are a moment in time... unchanged by technology.

When I write, it is about being still, quieting my mind and allowing my Soul to be heard.

I honor my messages by keeping them exactly as they come through... unchanged by my mind.

My hope... through this book... is to inspire everyone along their journey,

to embrace their Spirit from within and let it shine onto others!!!
