Katharine Graham

Personal History Katharine Graham

Winner of the 1998 Pulitzer Prize for Biography

An extraordinarily frank, honest, and generous book by one of America's most famous and admired women, **Personal History** is, as its title suggests, a book composed of both personal memoir and history.

It is the story of Graham's parents: the multimillionaire father who left private business and government service to buy and restore the down-and-out **Washington Post**, and the formidable, self-absorbed mother who was more interested in her political and charity work, and her passionate friendships with men like Thomas Mann and Adlai Stevenson, than in her children.

It is the story of how **The Washington Post** struggled to succeed -- a fascinating and instructive business history as told from the inside (the paper has been run by Graham herself, her father, her husband, and now her son).

It is the story of Phil Graham -- Kay's brilliant, charismatic husband (he clerked for two Supreme Court justices) -- whose plunge into manic-depression, betrayal, and eventual suicide is movingly and charitably recounted.

Best of all, it is the story of Kay Graham herself. She was brought up in a family of great wealth, yet she learned and understood nothing about money. She is half-Jewish, yet -- incredibly -- remained unaware of it for many years. She describes herself as having been naive and awkward, yet intelligent and energetic. She married a man she worshipped, and he fascinated and educated her, and then, in his illness, turned from her and abused her. This destruction of her confidence and happiness is a drama in itself, followed by the even more intense drama of her new life as the head of a great newspaper and a great company, a famous (and even feared) woman in her own right. Hers is a life that came into its own with a vengeance -- a success story on every level.

Graham's book is populated with a cast of fascinating characters, from fifty years of presidents (and their wives), to Steichen, Brancusi, Felix Frankfurter, Warren Buffett (her great advisor and protector), Robert McNamara, George Schultz (her regular tennis partner), and, of course, the great names from the **Post**: Woodward, Bernstein, and Graham's editorpartner, Ben Bradlee. She writes of them, and of the most dramatic moments of her stewardship of the **Post** (including the Pentagon Papers, Watergate, and the pressmen's strike), with acuity, humor, and good judgment. Her book is about learning by doing, about growing and growing up, about Washington, and about a woman liberated by both circumstance and her own great strengths.

From reader reviews:

James Mendoza:

What do you consider book? It is just for students because they are still students or the idea for all people in the world, what the best subject for that? Merely you can be answered for that query above. Every person has several personality and hobby for each other. Don't to be obligated someone or something that they don't need do that. You must know how great along with important the book Personal History. All type of book are you able to see on many methods. You can look for the internet resources or other social media.

Florence Nguyen:

Reading a guide tends to be new life style within this era globalization. With examining you can get a lot of information that can give you benefit in your life. Along with book everyone in this world can easily share their idea. Ebooks can also inspire a lot of people. Plenty of author can inspire their very own reader with their story or even their experience. Not only the story that share in the books. But also they write about the data about something that you need case in point. How to get the good score toefl, or how to teach your young ones, there are many kinds of book which exist now. The authors on earth always try to improve their ability in writing, they also doing some research before they write with their book. One of them is this Personal History.

Joshua Nichols:

A lot of people always spent their own free time to vacation or perhaps go to the outside with them friends and family or their friend. Did you know? Many a lot of people spent they will free time just watching TV, or even playing video games all day long. If you would like try to find a new activity that's look different you can read a book.
