Self-Help Books: Why Americans Keep Reading Them Sandra K. Dolby

Based on a reading of more than three hundred self-help books, Sandra K. Dolby examines this remarkably popular genre to define "self-help" in a way that's compelling to academics and lay readers alike. *Self-Help Books* also offers an interpretation of why these books are so popular, arguing that they continue the well-established American penchant for self-education, they articulate problems of daily life and their supposed solutions, and that they present their content in a form and style that is accessible rather than arcane. Using tools associated with folklore studies, Dolby then examines how the genre makes use of stories, aphorisms, and a worldview that is at once traditional and contemporary. The overarching premise of the study is that self-help books, much like fairy tales, take traditional materials, especially stories and ideas, and recast them into extended essays that people happily read, think about, try to apply, and then set aside when a new embodiment of the genre comes along.

Patricia Sax:

As a student exactly feel bored to be able to reading. If their teacher inquired them to go to the library or make summary for some guide, they are complained. Just minor students that has reading's spirit or real their interest. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that examining is not important, boring as well as can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Self-Help Books: Why Americans Keep Reading Them can make you experience more interested to read.
