Tap into the far-reaching potential of InDesign styles—from simple drop cap formatting to cross-media export to XHTML. Styles have the power to transform how design and production professionals approach and accomplish any project. Adopting a style-centric workflow can reduce tasks that would normally take days to mere hours, and tasks that would take hours to minutes or even seconds. Less time spent on repetitive tasks means more time for creating your best work.

This book explores every InDesign style to reveal its full potential. Throughout each chapter, you'll pick up many tips and best practices gleaned from real-world experience. Two bonus chapters, "Stroke Styles" and "Project Planning with Styles in Mind" are available for download.

For "figure it out as I go" designers, embracing styles still allow you to work intuitively on the page. And this guide helps break preconceptions and bad habits transferred from less powerful page layout applications that keep new InDesign users from working in far more satisfying and productive ways.

Where InDesign is concerned, styles truly do equal substance.

From reader reviews:

Bill Bobby:

Reading a guide tends to be new life style with this era globalization. With examining you can get a lot of information that may give you benefit in your life. Using book everyone in this world can easily share their idea. Textbooks can also inspire a lot of people. Lots of author can inspire their very own reader with their story or their experience. Not only the story that share in the textbooks. But also they write about the ability about something that you need instance. How to get the good score toefl, or how to teach your children, there are many kinds of book which exist now. The authors nowadays always try to improve their proficiency in writing, they also doing some analysis before they write with their book. One of them is this Adobe InDesign CS4 Styles: How to Create Better, Faster Text and Layouts.

Crystal Dewitt:

Spent a free time to be fun activity to do! A lot of people spent their free time with their family, or their friends. Usually they doing activity like watching television, planning to beach, or picnic from the park. They actually doing same task every week. Do you feel it? Do you need to something different to fill your own personal free time/ holiday? Can be reading a book might be option to fill your cost-free time/ holiday. The first thing that you'll ask may be what kinds of reserve that you should read. If you want to test look for book, may be the guide untitled Adobe InDesign CS4 Styles: How to Create Better, Faster Text and Layouts can be fine book to read. May be it can be best activity to you.

Jackie Ballesteros:

Is it a person who having spare time in that case spend it whole day by simply watching television programs or just telling lies on the bed? Do you need something new? This Adobe InDesign CS4 Styles: How to Create Better, Faster Text and Layouts can be the response, oh how comes? A book you know. You are thus out of date, spending your extra time by reading in this completely new era is common not a nerd activity. So what these ebooks have than the others?

James Sanford:

As a college student exactly feel bored to help reading. If their teacher questioned them to go to the library as well as to make summary for some book, they are complained. Just little students that has reading's heart or real their interest. They just do what the professor want, like asked to go to the library. They go to at this time there but nothing reading seriously. Any students feel that looking at is not important, boring along with can't see colorful images on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this Adobe InDesign CS4 Styles: How to Create Better, Faster Text and Layouts can make you really feel more interested to read.
