Part of SAGE's new **Mastering Business Research Methods** series, conceived and edited by Bill Lee, Mark N. K. Saunders and Vadake K. Narayanan.

The series is designed to support business and management students with their research-based dissertations by providing in-depth and practical guidance on using a chosen method of data collection or analysis. The books are written in a concise and accessible way, and contain a range of features, including checklists and a glossary, designed to support self-guided research.

In **Designing Research Questionnaires**, Yuksel Ekinci guides you through origins, types of questionnaire, basic components, types of questions and properties of measurement scales, how to design a questionnaire, sequence of questions, layout decisions and pilot testing, examples and strengths and limitations.

Watch the editors introduce the **Mastering Business Research Methods** series and tell you more about the first three books…
