Motherhood and Feminism: Seal Studies

Amber E. Kinser

Motherhood and Feminism: Seal Studies Amber E. Kinser

How does feminism relate to motherhood, how has it changed over time, and what does the future of motherhood and feminism look like? These are just some of the questions Amber E. Kinser, PhD, tackles in this latest addition to the Seal Studies Series. *Motherhood and Feminism* examines the role of feminism within motherhood—a topic that has garnered a lot of attention lately as society shifts to adapt to new definitions of these roles—and offers insight into the core questions of motherhood: what it means to be a good mother, what role mothers play in the family and in society, and how motherhood has been redefined throughout time. Kinser also speculates on the future directions of feminism—focusing on the expansion of contemporary mother activism that has occurred in the last 15 years, and emphasizing the need for that expansion to continue—and examines how the changing world of motherhood fits into feminist activism.
