Stoney and Emerald are twin sisters, who had it rough growing up. They watched their mother make mistakes that eventually changed her life for the worse and vowed that they would be different. Stoney and Emerald made a pact to do better for themselves, get out the hood, and not look back, but when Stoney meets Antwan, things don't go as she planned. Antwan is a serial cheater and no matter how many times he messes her over, Stoney can't seem to let him go. Emerald refused to let anything get in her way and was determined to get ahead in life, even when she falls head over heels for successful businessman Jahkim. The two of them seem like a perfect couple, that is until Stoney discovers a secret that Jahkim is hiding. What happens when Jahkim offers Stoney a deal she can't refuse? Will she accept it? And if so, how would it affect her and Emerald's relationship?
