Mesa Verde National Park: The First 100 Years

Celebrating 100 years of America's archaeological park

In 2006 Mesa Verde celebrates its first century as a national park. Here, in one of the crown jewels of the national park system, Colorado played a large role in the birth of modern archaeology. But Mesa Verde is not just about archaeology and ancient Native American lifeways. This book celebrates the park as a whole: from its surprising eighteenth-century discovery to the establishment of the park thanks to a group of nineteenth-century women to the inspiration it has sparked in the likes of Willa Cather and Ann Zwinger. Beautifully illustrated with historic and full-color photos and filled with modern essays and fascinating historic extracts, Mesa Verde National Park: The First 100 Years is both a keepsake and a wealth of information on a beloved national park and World Heritage Site.

- Organized by themes such as the discovery of Mesa Verde, its establishment, archaeology, development, and inspiration
- More than 600,000 people visit Mesa Verde National Park each year
- The first and only park designated because of its archaeological importance
