When leading Chinese and Canadian paleontologists joined forces to create **The Dinosaur Project**, they launched the greatest dinosaur hunt in history. Over five summers of digging, they turned up many exciting discoveries including thousands of bones and at least 11 completely new kinds of dinosaurs--so new some haven't yet been named. All that remained was to let the world know of the team's important finds.

That's where the Editors of **OWL** and **Chickadee** magazines came in. The magazines invited their young readers to ask questions of these dinosaur experts and more than 11,000 responses poured in! Inside *The Dinosaur Question and Answer Book* you'll find exciting up-to-date answers to the most interesting and frequently asked questions.
