As both ancient spiritual masters and modern quantum physicists acknowledge, the universe is vibration. Through sound and its ability to communicate with our chakras and subtle body, we can tap into the vibration of the universe for greater harmony and stronger relationships; physical, emotional, and spiritual healing; expanded consciousness; and planetary oneness.

In this step-by-step guide, sound healing pioneer Jonathan Goldman and his wife, holistic psychotherapist Andi Goldman, reveal specific ways the voice can resonate the physical and subtle bodies, including 7 powerful chanted Bija Mantras and sacred vowel sounds to balance and align the chakras. Providing exercises with breath, tone, mantras, and seed sounds, the authors show how to practice sound healing either individually or with a partner to strengthen relationships, reach deeper emotional levels, enhance communication, reduce stress, achieve inner balance, and create harmony with those around you as well as the whole planet.
