**It's the most urgent and highly publicized issue facing America's family: how to teach our children to protect themselves in any situation.**

Based on the author's successful education workshop, which has been in operation since 1969 and has educated more than 50,000 parents and children nationwide, *The Safe Child Book* gives parents effective and nonthreatening techniques for teaching children how to protect themselves without making them afraid.

Written by one of the few nationally recognized authorities on the subject, *The Safe Child Book* provides a comprehensive educational program covering a wide range of topics that concern parents today, including sexual abuse, abduction, leaving children alone, surfing the Internet, school safety, and choosing a daycare center or babysitter.
