It is rare for a book of this nature to describe such a wealth of previously unknown and varied terrain. But here in *Walking in Jordan* the authors' discoveries reveal an unexpected land of forested hills, beautiful dales carpeted in flowers, huge canyons sometimes with fast-flowing rivers, recently discovered caves, perfect limestone cliffs in wooded valleys and high mountains with lunar landscapes. This book gives descriptions to well over 100 routes with detailed information on how to get there, when to go, what to take and everything you need to know about the routes.
