Crosscurrent: Star Wars Legends (Star Wars - Legends) Paul Kemp

An ancient Sith ship hurtles into the future carrying a lethal cargo that could forever destroy Luke Skywalker's hopes for peace.

The Civil War is almost over when Jedi Knight Jaden Korr experiences a Force vision so intense he must act. Enlisting two salvage jocks and their ship, Jaden sets out into space. Someone—or something—appears to be in distress.

But what Jaden and his crew find confounds them. A five-thousand-year-old dreadnaught—bringing with it a full force of Sith and one lone Jedi—has inadvertently catapulted eons from the past into the present. The ship's weapons may not be cutting-edge, but its cargo, a special ore that makes those who use the dark side nearly invincible, is unsurpassed. The ancient Jedi on board is determined to destroy the Sith. But for Jaden, even more is at stake: for his vision has led him to uncover a potentially indestructible threat to everything the Jedi Order stands for.

Features a bonus section following the novel that includes a primer on the *Star Wars* expanded universe, and over half a dozen excerpts from some of the most popular *Star Wars* books of the last thirty years!
