A Traveller's History of Poland

John Radzilowski

A Traveller's History of Poland John Radzilowski

Poland is a major European country with over 38 million inhabitants and a land area comparable to Spain. It has played a major role in European history but its subjugation by foreign powers in the nineteenth century and during the Cold War eclipsed Poland in the minds of many in Western Europe and the United States. Throughout its long and diverse history it has been a meeting place of many cultures and has given the world the poetry of Czeslaw Milosz, the music of Chopin, and the scientific discoveries of Copernicus and Marie Curie, to name but a few.

In *A Traveller's History of Poland*, John Radzilowski vividly describes the beginnings of the country, first fragmented then reborn to overcome the aggression of the Teutonic Knights and its greedy neighbors. Poland enjoyed a Golden Age in the fifteen and sixteenth centuries but a gradual decline then led to Poland losing its autonomy despite winning many battles with its army's legendary military skill and gallantry. Yet the spirit of the country and its people lived on. Since the horrors of the Second World War and Soviet control, Poland has gradually regained its rightful place in Europe, joining NATO in 1999 and in May 2004, the EU. It is playing a new role on the European and international stage. This makes now an ideal time to introduce students and travellers to Poland and its complex history through the pages of this *Traveller's History*.

The book includes a full chronology, a list of monarchs and rulers, a gazetteer, historical maps and is fully illustrated.
